

## **Proven Experience with Alternative Delivery**

From Maine to Florida, VHB is a leader in delivering design-build (DB) transportation projects. We've designed high-profile roadway, bridge, transit, and rail projects along the East Coast for more than 20 years, consistently delivering high-quality, innovative, and timely design and construction services. Since the Boston "Big Dig" in the 1990s, we've partnered with clients to deliver complex DB projects, including seven first ever DB projects for owners.
